Print beverage labels and promotional stickers at the same time with custom Drink 'N Peel Labels. Our innovative multilayered construction provides the flexibility to print the required beverage label information and an internal die-cut sticker for the consumer to easily peel out and stick to nearly anything. Simply provide your art with a die line telling us where to kiss cut the sticker. Consider outlining the sticker portion of the label or including an arrow and instructions to “peel here” next to the sticker. Choose from either silver or white BOPP with a matte overlamination creating a pen-receptive surface.
