# FACE MASK SIGNAGE & STICKERS

Keep customers and staff informed with custom face mask signage and stickers. Call attention to local and state mask regulations with items such as decals, static clings, corrugated signs, and banners. Apply decals or clings to entryway doors or display larger reminders such as banners and corrugated signs near storefronts. Face mask signage is most commonly used in high traffic areas like grocery stores, restaurants, schools, hospitals, and other public areas.

### Popular Products Include:

- Decals
- Static Clings
- Floor Decals
- Corrugated Signs
- Polyethylene Signs
- Banners
