Floor Decals

Use Floor Decals to maximize open floor space for promotional and directional signage. They're often applied in grocery stores, medical facilities, schools, and other public spaces to deliver a message or help direct foot traffic. The decals feature a slip-resistant laminate applied over durable, high-quality printing. Choose from three different materials to ensure the right adhesive for the intended application.

SMOOTH

No. 988, 998, & 4988 | Any Size & Shape

- Smooth surface floor decals are intended for flooring like tile and laminate
- Removable, pressure-sensitive adhesive
