

Silver BOPP Roll Labels

Prime Labels

Food & Beverages

Health & Beauty

Nutraceutical

Choose Silver BOPP Roll Labels to create a metallic high-end finish on packaging. This durable, waterproof material is well-suited for application on bottles, jars, boxes, bags, and more. The silver sheen combined with crisp 4-color process printing results in radiant prime labels that demand attention from any shelf. Use white ink (included in the price) to improve contrast or to completely block out specific metallic areas, like a UPC code. Request transparent inks to transform the silver base into any metallic shade and discover unlimited color possibilities.

Product Information:

No. 6925 Silver BOPP w/ Matte Overlamination
No. 7925 Silver BOPP w/ Gloss Overlamination

- Permanent, pressure-sensitive adhesive.
- Labels are wound in rolls of 500 or 1000, specify rewind direction.
- Production time is approximately 5 working days.
- White is highly recommended to improve ink opacity and contrast and is included in the price.
