

Holographic Decals

Choose Holographic Decals to create an irresistible branding tool or an extraordinarily fun giveaway. We print these captivating prismatic stickers in 4-color process plus white ink (if desired). Use simple open designs and let the metallic rainbow material shine. Add white ink to increase opacity behind your graphics if you don't want the rainbow effect to come through in specific areas. Intended for indoor use only, we finish them off with a clear gloss overlamination to protect these beauties from surface scratches, tears, or water damage.
