

# Rally Fans

**Standard**

**Stickless**

**Corrugated**

Rally Fans deliver a fun and functional promotional item for sporting events, parades, rallies, weddings, and more. Choose from classic hand fans with wooden handles, compact stickless fans with built-in finger grips, or durable die-cut corrugated plastic fans. Each hand-held style offers the front for bold graphics, while the back provides an area for key messages, schedules, or sponsor ads. Traditional handled fans remain a parade and rally favorite, stickless fans suit fairs, churches, and weddings, while corrugated fans lead in stadiums.
